

COVID-19 screening questions should be completed 24-48 hours prior to an in-person clinic visit.

- 1 Log into DaVita Care Connect™.
- 2 Complete the screening questions 24-48 hours before your scheduled appointment at the clinic.

- 3 Answer all questions and add your temperature. If you do not have a thermometer, you can submit the answers without a temperature entered.

You may schedule a reminder to complete the screening by following these steps. *A DaVita teammate can download a detailed job aid [here](#).*

- a. Tap **Reminders**
- b. Tap the **+** icon
- c. Enter title as **Screening reminder**
- d. Select **Appointment** category
- e. Recurring reminder should be turned off
- f. Enter the date and time of your in-person clinic visit
- g. Select to be reminded **2 days before**
- h. Select the **checkmark** or **Create** button to save the reminder
